BC Pickleball Association is the Provincial governing body for the sport of pickleball in BC. Our mission is to have pickleball officially recognized as a sport by Sport BC and Sport Canada.

In order to do this we need to have 3000 members in eight different provinces. Basic memberships are currently FREE to Canadian residents who take the Pickleball Player's Pledge:

As a proud member of BC Pickleball, I pledge to promote sportsmanship, welcome new players and respect every player's right to choose their own paddle.

If you agree with this pledge, and if you are a resident of Canada wanting to play pickleball, please visit our website www.BCpickleball.com or join in the fun by registering with BC Pickleball Association

OR, print out the registration form and email:
